

Presented by

Friday, April 19 | Woodward Theater | Cincinnati, OH

**Ohio River Foundation is bringing one of the largest environmental film festivals in North America back to Cincinnati!**

**The Wild & Scenic Film Festival** inspires environmental activism and a love for nature through film. This year, the festival will be on Friday, April 19 at Woodward Theater in Over-the-Rhine.

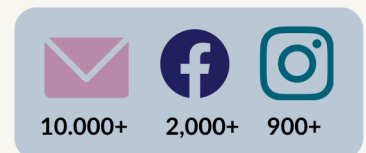

The Festival works with environmental groups across the US to host local film festivals as a way to reach into their communities, inspire activism, increase awareness for grassroots environmental causes, and generate critical funds. Wild & Scenic on Tour is taking place in cities across the country including Chicago, Houston, Washington DC, and many others. We are excited to bring the festival to Cincinnati to show our city's commitment to environmental activism and love for nature.

Ohio River Foundation hopes to use the festival to provide community understanding of the connection we share with the planet and our role as stewards to keep it healthy for the next generations.

## Sponsorship

We are thrilled to invite you to be a sponsor of our 7th annual **Wild & Scenic Film Festival**. Sponsorship offers your business the opportunity to leverage your support into creative advertising that will reach a diverse audience. The festival is a great way for your business to support local environmental groups, raise awareness for your green initiatives, and promote green businesses.

## OHIO RIVER FOUNDATION

**Ohio River Foundation** is a regional conservation non-profit headquartered in Cincinnati, OH. Proceeds support our exciting education, restoration, and advocacy programs to fulfill our mission to protect and improve the ecology in the Ohio River watershed, a source of drinking water to nearly 30 million people.

To accomplish this, much of our restoration work centers on climate change resiliency through effective habitat restoration projects. Now in our 24th year, ORF has restored thousands of acres of habitat in the Ohio River watershed. ***We've planted 31,000 trees, removed more than 500,000 invasive plants, educated more than 60,000 students, and reconnected more than 220 miles of rivers.***

***We can't do this work alone. We need support from organizations like yours to continue this work.***

**\$5,000** can plant 500 trees to restore critical native habitat.

**\$2500** can help remove 10,000 harmful invasive plants.

**\$1,000** can pay for 8 schools to participate in Mussels in the Classroom.

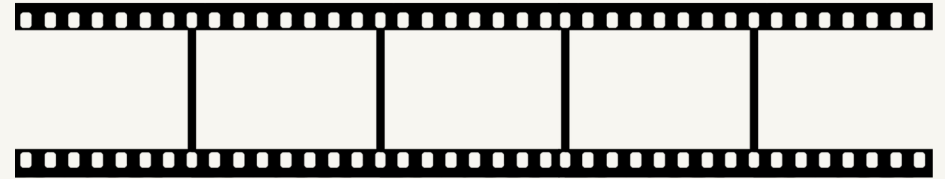

**\$500** can help 50 students become River Explorers

**\$250** can pay for water quality equipment to detect pollution.
